Dear Steve

As you would be aware, the Electricity Reform Task Force submitted its final report *Electricity Reform in Western Australia 'A Framework for the Future'* to the Minister for Energy, and released the report publicly on 15 October 2002.

The Government is currently considering the recommendations in the report.

The purpose of this letter is to acknowledge the important contribution you made through the Working Group process established by the Task Force and to express our appreciation for your assistance.

Yours sincerely
